ALLEN DAVEN ARGALLON

Cebu City, Philippines | +63 995 100 6959 | allendavenargallon@gmail.com

OBJECTIVE

As a full-stack web Developer, I aim to blend creativity with practicality, creating digital interfaces that are both innovative and user-friendly. With a passion for problem-solving, I strive to build websites and applications that are easy to use and visually appealing. I enjoy working with diverse teams, using my skills to solve challenges and make a positive impact online. My goal is to contribute to projects that push technology forward while keeping users happy and engaged.
